

Front Steer for Hard Ground and Rock up to 40 MPa

Front Steer with optical path

Benefits

- Accuracy horizontal and vertical up to ± 25 mm
- Steering capabilities in all directions
- Perfect for non-displaceable soil $SPT > 35$ or for rock ≤ 40 MPa
- Guided by Theodolite and LED-Target
- Drive length up to 100 m
- Suitable even in ground water (≤ 3 m)
- OD from 324 mm

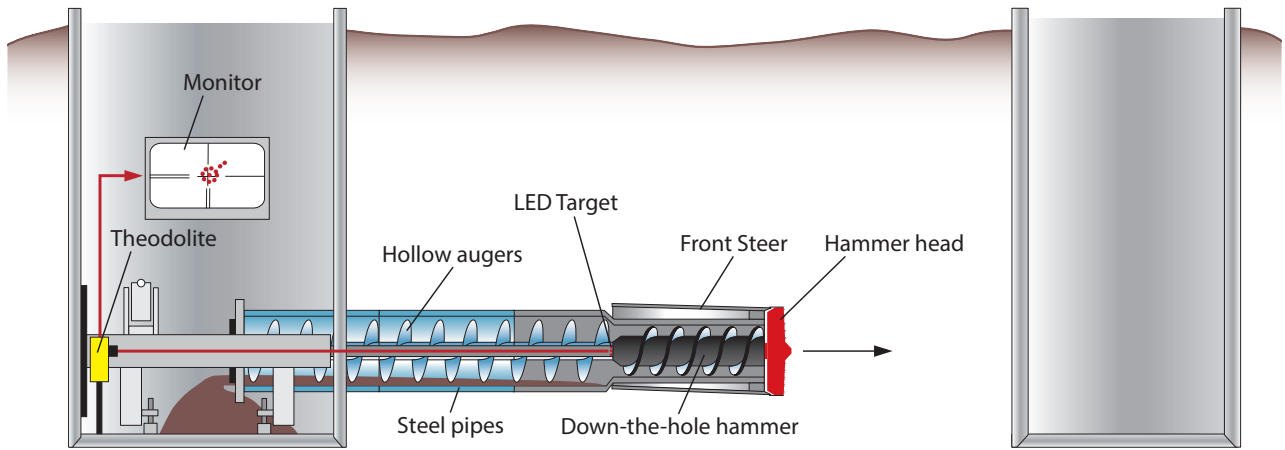

All systems are subject to changes without prior notice. We do not take any liability for printed errors and/or mistakes.

Bohrtec

Front Steer for Hard Rock

Front Steer with optical path and and DTH Hammer

Benefits

- Accuracy up to ± 25 mm in all directions
- Steering with Theodolite and LED Target
- Inclinator and water level as backup system
- Suitable for mixed ground conditions
- OD from 324 mm
- High performance possible by using a DTH hammer

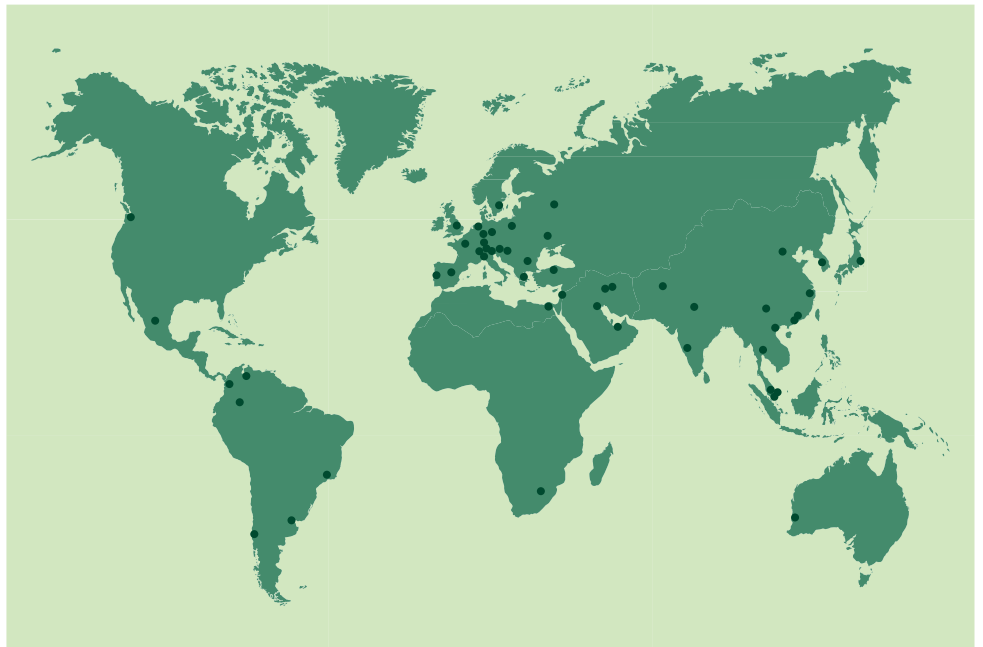

All systems are subject to changes without prior notice. We do not take any liability for printed errors and/or mistakes.
